

# **BUILDING THE EDUCATION REVOLUTION IN THE HUNTER & CENTRAL COAST REGION**

# ABOUT BUILDING THE EDUCATION REVOLUTION

## New facilities and refurbishments for 250 schools in the Hunter & Central Coast region

As part of the Australian Government's Nation Building Economic Stimulus Plan, \$14.7 billion of funding has been allocated to provide upgrades and refurbishments of school facilities over the next three years, under the Building the Education Revolution (BER) program.

Bovis Lend Lease has been appointed as Managing Contractor for the BER program in the Hunter & Central Coast and Northern Sydney regions, overseeing the design and construction of new facilities and refurbishments at 250 schools in the Hunter & Central Coast and 130 schools across the Northern Sydney region.

### MEETING THE NEEDS OF 21<sup>ST</sup> CENTURY SCHOOLS

The BER program is an investment in the current and future requirements of students and teachers. Projects being delivered will include new and refurbished libraries, multipurpose halls, covered outdoor learning areas, toilet facilities, canteens and administration buildings.

We will be creating infrastructure for each school specifically: principals have been invited to request facilities that will meet their schools' individual needs.

The BER program will build learning environments to help children, families and communities participate in activities that support achievement, develop learning potential and bring communities together.

### COMMUNITY FACILITIES

The facilities being created will not only benefit students and teachers, but leave a lasting legacy for the entire community.

Halls, libraries and covered outdoor learning areas will also provide local communities with much-needed out-of-school-hours facilities which support recreational and adult learning groups, act as a community hub, and enhance and nurture the wide and varied community relationships.

### CREATING LOCAL JOBS

The BER program represents an important investment in local employment.

Bovis Lend Lease and the BER program are committed to supporting local businesses, suppliers and subcontractors and the program is expected to generate employment for people from across the Hunter and Central Coast.

In keeping with our emphasis on building lasting skills and careers for local people, Bovis Lend Lease and the BER program will support businesses that take on apprentices and those that support Indigenous employment.

# ABOUT BOVIS LEND LEASE

Founded in Australia in 1951, Bovis Lend Lease has grown to become one of the world's leading project management, design and construction companies. We employ around 1,600 people with offices in Sydney, Melbourne, Brisbane, Canberra, Adelaide and Perth.

## LEADERS IN SAFETY AND SUSTAINABILITY

We work with all our clients, designers, contractors and the workforce to make our vision of operating Incident & Injury Free a reality.

Safety is always our number one priority. We will be working with all our partners on the BER project to ensure that all school facilities are delivered safely.

We have extensive experience in working in operational environments, including busy schools, airports and shopping centres. We have the expertise to work safely and efficiently while allowing schools to be able to continue to operate throughout the BER program works.

Sustainability is important in everything we do. We are working to reduce the energy, water and waste impact of our business. We partner with our supply chain to source the best possible materials and recycle as much waste as possible from our sites.

## BOVIS LEND LEASE IN THE HUNTER & CENTRAL COAST REGION

In the Hunter region, Bovis Lend Lease has previously been involved in the delivery of the Newcastle Community Health Centre and, after completing the successful expansion of Charlestown Square shopping centre in 1996, we are now delivering the latest redevelopment of the centre.

On the Central Coast, we have delivered projects including the extension of North Gosford Hospital, the redevelopment of Erina Fair shopping centre and the expansion of Bay Village shopping centre.

During the delivery of 250 school projects in the Hunter & Central Coast region, our teams will be working closely with local school communities, principals, contractors and suppliers to deliver important educational and community infrastructure while creating long-term jobs within the region.
