

## HSBC — Branch Rollout Program México

Client  
HSBC

Value  
US\$16,000,000

Completion  
Ongoing

Assignment  
Program Management

Bovis Lend Lease is applying its experience, gained from building/refurbishing over 1,200 branches in Argentina and Brazil to its assignment in México.

Staff from the Brazil, Argentina and México offices with support from the multi-site team are jointly managing the project.

Bovis Lend Lease is renewing/refurbishing all premium (right, top), standard (right, bottom) and new branch buildings, as well as banking systems, totaling over 80 throughout México.

Bovis Lend Lease is implementing its carefully coordinated and phased plan, minimizing disruption in the operational facilities.

Project work scope includes:

- Schedule refurbishment within the bank priorities,
- Design review coordination selecting the best floor plan for each branch,
- Facility, both new and existing, evaluation,
- MEP and security system upgrade,
- Refurnishing,
- Finishing details and
- Coordination of new operations in each branch.
